"Metrocity 1 the first ever metrocity ♀♂♀♂♀♂

also my first ever Minecraft civilization.

I got bored and wanted to draw my civ because I realized we don’t have a pic of all of us

this art piece looks like a 5th grader drew it and I find it really special because in the age of ai I think we need to appreciate more bad art like mine. (I am a math major i not an art major I am excused)" - Bellaxie "Jazzed Motif"
