“ NPC were the terrorists and my retaliation was an act of rebellion to quell the terrorists of NPC. Play that back to me. (Molten_Sun's quote for the wiki).

About

This player of the event harbored grand ambitions to overthrow their nation's leadership and incite conflict in the server.

History

Early on, they harbored sentiment to overthrow the leadership of Podzil by staging a coup. Though nothing came of this for several sessions, in the late sessions, Molten_Sun and Soft_Serenity would stage attacks across the world and utilize the nether's lack of restrictions to attack members of NPC. This would result in their exile from Podzil.
